You can have an elegant wedding and not end up in the poor house!

Words cannot express the happiness we had on our wedding day. We had a wonderful reception thanks to all of the staff. You proved to us that you can have an elegant wedding and not end up in the poor house! We appreciate that and look forward to doing more business with you on more happy occasions

Your staff was exceptional, your chef out did himself.

My son and daughter-in-law had their wedding ceremony and reception at The Gran Centurions. We were more than satisfied with your establishment. Your staff was exceptional, your chef out did himself, the food was excellent. A very special thank you is in order to your staff for their caring attitude and personal touches throughout the planning and during the affair. You have a staff to be proud of. Thank you.
